SUNESYS, INC.
DOCKET NO. T-20456A-06-0266

Please make sure each numbered item and each part of the item is answered completely. In order for Staff to continue with its review of this application, the following information must be submitted:

- STF 2.1 Sunesys has indicated in its Application that it wants to provide facilities-based local exchange telecommunications services in Arizona. In reference to item A-9 of the Application, please include in your tariff the proposed rates and charges that Sunesys will charge for facilities-based local exchange telecommunications service. Please also include in your tariff a description of the service to be offered.
- STF 2.2 Please explain how your company calculated the actual maximum and actual minimum rates for facilities-based local exchange telecommunications services that will be contained in your tariff.
- STF 2.3 Relative to the type of service indicated above, please specify the rates that Sunesys will charge or currently charges for similar services in the other states/jurisdictions in which Sunesys has been approved to provide service. If there is a difference between the rates that your company will charge in Arizona and the rates that your company will charge or currently charges in other states/jurisdictions for similar services, please identify and indicate the amount of the difference and explain why you are charging different rates in Arizona.
- STF 2.4 Please indicate why you believe that your range of rates is just and reasonable using a competitive market analysis. Your analysis may contain publicly available examples of rates charged by the incumbent or other carriers for similar services or any other information that you believe demonstrates that your actual rates are just and reasonable. Please include any supporting materials. For a list of telecommunications carriers certified in Arizona, go to www.cc.state.az.us/utility/utility . For a list of Commission-approved telecommunications rates and tariffs, go to www.cc.state.az.us/utility/tariffs .
