DELETE after "Staff and Qwest" language commencing "is a fair and reasonable compromise."  
Through end of discussion.

INSERT:  
 "does not provide sufficient compensation to Arizona ratepayers for the sale of Dex assets. In addition to the increased annual imputation, we believe that Qwest customers should receive an immediate bill credit. Thus, we will approve the sale of Dex on the additional condition that during a complete billing cycle commencing no later than six (6) months following the closing of the Sale (the "Billing Cycle"), Qwest shall provide bill credits totaling THIRTY and NO/100 DOLLARS (\$30.00) to active customers of record during the Billing Cycle who currently subscribe to residential or business access lines and activated channels (collectively "Customers") on a per access line/activated channel basis. The Bill Credit will not be issued to inactive, closed, or final billed accounts. The Bill Credit shall be provided to the Customers in the single Billing Cycle.

The Bill Credit shall be applied equally to all qualifying customers on a per access line/activated channel basis. Customers whose monthly bill during the billing cycle is less than the amount of the Bill Credit shall have the remaining amount, if any, carry forward and be applied to their next month's bill. Customers with delinquencies will have their Bill Credit applied to the account charges consistent with Commission rules, whereby any amounts credited are first applied toward basic local exchange service charges for the Bill Credit Billing Cycle. Qwest shall include an insert that explains the circumstances leading to the bill credit in the monthly bill in which the customer receives the credit. Qwest shall submit proposed explanatory language to Director of the Utilities Division for approval prior to mailing the insert."
