Re: Docket #E-01032C-00-0071, et.al.  
May 16, 2003

Dear Commissioners,

We have a small family business in Mohave County Arizona. The electrical rates are higher than the rest of Arizona. The proposed settlement with UniSource would result in an increase of 22% to 31%. Where else would one get such increases all at one time.

Retail competition would bring us much needed relief. We can't wait until December 31, 2004. It would be a great help to implement it now.

Sincerely,

Buffalo Hayden
