Attention the President,

Dear Sir,

This morning our newspaper carried the head lines of "Commission OK's 22% rate hike."

Our newspaper "Today's News-Herald, Lake Havasu City, Az." went on to say that the Arizona Corporation Commission unanimously approved a \$230 million sale of Citizens Communications' electric and gas divisions to Tucson-based UniSource Energy Corp.

Part of the deal was an increase of 22% rate hike in the electric rates.

A 22% hike is unheard of in any situation.

Realizing a hearing was held as per the proper procedure, and an excessive rate hike was still approved still is no reason to let such a hike go thru.

Writing this is my complete disapproval of such a rate hike.

Hopefully you will receive more of such letters.

I remain disappointed in our elected officials,

Sincerely,

Jim Davenport
