YOU MAY QUALIFY FOR A DISCOUNT ON LOCAL PHONE SERVICE

Low income assistance programs are available in Arizona. Low income assistance consists of two programs: Lifeline Assistance and Lifeline Connection Assistance (Link-Up). These programs were developed to reduce local service rates for low income residential customers. Lifeline Assistance credits will reduce your monthly charges. Link-Up credits will reduce an eligible customer's connection charges on the installation of a single access line of the primary residence.

Residential customers who participate in one or more of the following programs are eligible for credits:

- Medicaid
- Food Stamps
- Low-Income Home Energy Assistance Program (LIHEAP)
- Supplemental Security Income (SSI)
- Federal Public Housing Assistance or Section 8
- Temporary Assistance to Needy Families
- National School Free Lunch Program
- KidsCare

Continues on back...

OR have a household income that is at or below 150 percent of the Federal Poverty Guideline.

If you live on a federally recognized reservation and don't qualify under the above criteria, you may also qualify if you participate in one of the following programs:

- Bureau of Indian Affairs General Assistance
- Tribally Administered Temporary Assistance for Needy Families
- Head Start (under income qualifying eligibility provision only)
- National School Lunch Program (free meals program only)

If you have any questions or would like more information, please call your local business office toll free:

1-888-837-8020

Take control of your online time

There's never enough time in the day. So why waste even more precious time with a slow Internet connection? There's no time wasted or lost when you're hooked up with High-Speed DSL from TDS*. High-Speed DSL provides a constant connection to the Internet. As long as your computer is on – you're connected.

With High-Speed DSL, there's no more waiting for pages to load. Plus, sending and receiving large files such as digital photos takes just seconds. Another great thing about High-Speed DSL service from TDS is that it comes with a free modem, an easy 5-step installation kit, and free 24/7 Priority Technical Support.

You also can receive the best rates on DSL when you sign up for Total Talk Smart Pack. For the latest pricing and DSL speeds available in your area, check out getdsl.tdstelecom.com or call 1-888-CALL-TDS Ext. 200.

* DSL is a distance-sensitive technology and may not be available to all customers. Not all speeds available in all areas; please call for availability. Offer good for residential DSL customers only and requires a local TDS Telecom phone line. The discounted DSL price will be valid for as long as the customer keeps both Total Talk Pack and DSL. A one-time shipping & handling fee of \$12.95 applies on DSL equipment.

A 12-month service agreement is required and a \$99 early termination fee will apply.

TDS is on the right track!

TDS has rolled onto the auto racing circuit with the sponsorship of veteran ASA Late Model driver Chad Wood and Trackside Charities for the 2006 season. TDS is sponsoring ASA's newly crowned Sportsman of the Year in both the ASA Challenge Series and the ASA Northern Series.

The TDS sponsorship is unique because of its affiliation with Trackside Charities, an organization dedicated to helping children in need through racing fundraising. Trackside has ties to some of the most popular new musicians and is scheduling concerts featuring these performers in select TDS locations.

TDS will share its sponsorship with Emerson Drive, a band that's sweeping the country music scene. Learn more about this TDS Telecom sponsorship at www.tdstelecom.com/race.

For more information about:

Trackside Charities, visit www.tracksidecharities.com

Wood Brothers Racing, visit www.wbr2.com

Send out a Lifeline

Do you know someone who may qualify for a discount on his/her phone service?

Often people with low income, or people who use government assistance, think they can't afford local phone service, but that's not necessarily true. If you know someone who fits that description, let them know they could qualify for a discount on local phone service through two low-income telephone assistance programs:

- **Lifeline Assistance** credits reduce monthly local service charges.
- **Link-Up** credits reduce installation charges for a single access line in your primary residence.

Please Note: If your friend or neighbor lives on federal tribal lands, they may qualify for further discounts.

Who's eligible?

Please have your friend or neighbor call us at 1-888-225-5837, ext. 160, to learn more about specific eligibility requirements for these programs in your state.

Simplify with a combined TDS bill!

You can now enjoy the convenience and simplicity of having all of your services on one bill.

- You'll only have to send one check, use one postage stamp, and will receive one simple bill each month.
- If you're taking advantage of TDS ePay, our free online bill paying service, you can have one place to log in, view, and pay.

Combine your bills today by calling us at 1-888-CALL-TDS. If you've already combined your bills and want to sign up for TDS ePay, visit www.tds-ePay.com.

Hackers target home wireless networks

A home wireless network allows you to access the Internet from anywhere in the house, yet you may not be the only person viewing your online records. If your network is unsecured, you're running the risk of hackers stealing your personal information or damaging your computer.

In a practice known as wardriving, people search for Wi-Fi wireless networks while in a moving vehicle. They can use a global positioning system (GPS) and laptop to detect networks, and access your wireless network traffic. This may include private e-mails, financial information, credit card numbers, and passwords.

Here are some tips to reduce the chance you'll become a victim of wardriving:

- Avoid using something obvious like your name or address when naming your network
- Activate Wireless Encryption Protocol on your router so you block access
- Disable the broadcast so you won't see the access point if you scan with your network card

By taking these simple steps, you can keep your personal information safe and enjoy the benefits of your wireless home network.
