RECEIVED

This letter is pertaining to the 3990 increase in revenue the Arizona Water Co. is requesting - how ludicrous!

I surely hope the Arizona Corporation Commission has done their homework on this matter. The Arizona Water Co. has one of the highest water rates in the United States and in Arizona.

No one will be able to afford a vegetable garden on nice looking landscape to help keep the mountain forests; which I reside 6 months of the year and the other 6 months I pay over \$1200 a month for water I do not use; growing and to keep the green and safe from fire.

So many retired people live up here because it is not so expensive for them and they can ill afford such an increase.

For once I wish the Arizona Corporation Commission will be kind to the little man, consumer, and not the big corporations.

Thank you,
Nancy C. Hallenbeck
