**Re: Certificate of Assured Water Supply
Carefree Views
DWR File No. 27-402212.0000**

Dear Mr. Partain:

The Department of Water Resources has determined that the criteria for an Assured Water Supply pursuant to A.R.S. § 45-576 and A.A.C. R12-15-701 *et seq.* have been met, and therefore the Director has decided to issue Assured Water Supply Certificate No 27-402212.0000. Cave Creek Water Co will provide water supply to the lots. The source of supply will be Central Arizona Project water. Based on current information, the Department has determined that the subdivision's total projected demand is 3.49 acre-feet per year for 9 lots, and the groundwater allowance for the 100-year period is 1396 acre-feet. The Certificate is attached. The Department suggests you record your Certificate of Assured Water Supply in the appropriate county recorders office. This will provide you with a permanent public record of the Certificate.

This determination is applicable only to the person or entity specified on the Certificate and for the plat reviewed by the Department. Information used in evaluating this application is available for review in the Department's files. Please contact us if questions arise.

Pursuant to A.R.S. § 41-1092.03, the Department is notifying you that the Director's determination and decision to issue the Certificate is an appealable agency action. You are entitled to appeal this action. If you wish to appeal this action, you must file a written appeal within thirty (30) days from receipt of this letter. I am providing you with a summary of the appeal process and an appeal form, should you elect to pursue this option.

Sincerely,

J. Scott Miller, Manager
Office of Assured and Adequate Water Supply
