Dear Corporation Commission,

I am a long time resident of Kingman/Golden Valley area and I would like to see this community grow. I have felt for many years that we have pieced together our community rather than planned our growth.

I would like to see more planned growth, like Rhodes Homes, come into our County. I have seen the benefits of these developments all over the state and I believe that it is our turn to benefit. We need to think about the future of our county and our communities and invite such developments to our area.

Jim Rhodes has built up a good name in our area and it is time that we allow him to work his magic in Golden Valley. We need better quality homes there; we need to improve the quality of life there. We need to welcome the Rhodes development.

I hope for a prosperous future for myself and the other residents of the Kingman/Golden Valley area. I want quality homes and jobs to come into our community. We live in such a beautiful area, yet we are lacking good paying jobs and services. We need new developments here.

My family and I voted for you in hopes that you will represent us. These are our beliefs and wishes and I ask you to allow Rhodes Homes to develop here. We have put our trust in you and we ask you to represent us.

Sincerely,

Laurie Campbell
