Corporation Commissioner, **SW-20379A-05-0489**
W-20380A-05-0490

I have lived in Kingman for over 10 years and I am a regular voter. My occupations throughout my residency here have changed but one thing has always stayed the same; I understand the need for growth. We need more jobs, more tax dollars and more homes.

I believe in planned growth and I think it is something that Mohave County desperately needs. When I look out over the Golden Valley area I see an unplanned community that thrives on wildcatting our water. We are a county that is rich with water, but we need to control water usage through proper measures.

We need to allow developers to come in and make proper use of our land and our water. I believe that the Rhodes development will benefit Kingman and Golden Valley. We need to welcome Rhodes Homes. I ask you to allow them to develop in Golden Valley.

Thank you,

John Campbell
Kingman, Arizona
