Introduction

On August 15, 2003, TelecomEZ Corporation ("TelecomEZ") filed an application with the Arizona Corporation Commission ("Commission") requesting approval to cancel its Certificate of Convenience and Necessity ("CC&N").

Background

On June 25, 2002, the Commission, in Decision No. 64895, originally granted a CC&N to TelecomEZ to provide competitive intrastate telecommunications services in Arizona as both a reseller of local and long distance services.

TelecomEZ requests Commission approval to discontinue its authority to provide intrastate telecommunications services, abandon its CC&N and revoke its tariff in Arizona.

Staff Analysis

TelecomEZ filed its application to cancel its CC&N on August 15, 2003. TelecomEZ is no longer providing resold intrastate telecommunications services in Arizona and has no customers.

Consumer Services Staff has indicated that there are no open complaints, inquiries or opinions concerning TelecomEZ. Consequently, there is no risk that an advance, deposit and/or prepayment of funds from Arizona customers would be lost by canceling TelecomEZ's CC&N.

Since there are numerous other carriers offering similar services, Staff believes granting this application for cancellation of TelecomEZ's CC&N is in the public interest.

Recommendations

Staff recommends the cancellation of TelecomEZ's CC&N.

Upon cancellation of its CC&N, TelecomEZ will no longer be authorized to provide competitive intrastate telecommunications services in Arizona as a reseller of local or long distance services and therefore, will no longer be subject to the requirements of Decision No. 64895.
