Rio Virgin Telephone & Cablevision
OUTREACH PROGRAM REPORT

In decision No. 67941, the Arizona Corporation Commission ("Commission") ordered all Arizona Eligible Telecommunications Carriers ("ETCs") to file a report with the Commission by June 21, 2006, which discusses each ETC's outreach programs and their impact on Lifeline and Link-up subscribers levels. The FCC's guidelines recommended that ETC's should utilize outreach materials that reach households that do not currently have phone service and target any sizeable non-English speaking populations within the ETC's service area. Decision No. 67941 at FOF 27. The FCC also recommended that the coordination with appropriate governmental agencies and tribes that administer any of the relevant governmental assistance programs may be helpful.

In compliance with Decision No. 67941, Rio Virgin Telephone & Cablevision files its outreach program report, which is attached.

Outreach Program Report for Rio Virgin Telephone & Cablevision

Rio Virgin's Service Territory

Rio Virgin serves the northwestern portion of Mohave County Arizona. The communities of Beaver Dam, Littlefield and Scenic. This area is predominately composed of retired people. A big portion of which are Snow Birds, they leave in the summer months due to the high heat. Rio Virgin has 1167 residential customers in this area.

Rio Virgin Telephone's Outreach Program

Rio Virgin currently runs quarterly ads in the local newspaper (see attached), hands out Telephone Assistance Programs forms to new customers signing up for service (see attached) and lists information in our directory about Lifeline and Link-Up. Because there is not a Full Time County or State office in our locations to provide this information to we also rely on the State to also assist those individuals that may meet the Lifeline and Link-Up requirements to refer them to our office. Rio Virgin Receives a semi-annual list of residents that qualify for these programs from the State of Nevada. These Nevada residents are then mailed information on sign up or signed up unless they return the letter stating they do not wish to sign up. This would be very useful if Arizona would do this also.

This area does not have a sizable non-English speaking population. The outreach program has not seen a significant increase in Lifeline and Link-Up customers during this year period.
