

Notice of intervention of the Application Palo Verde Utilities Co. and Santa Cruz Water Co. by Newport Holding Inc./Kent Hoggan

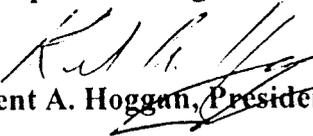

Docket Nos. SW-03575A-03-0167 and W-03576A-03-0167

Name of Intervention: Newport Holding Inc. / Kent Hoggan
Phone number: Office 801-706-5155 Fax 801-733-0583
Address: 3799 East Catamount Ridge Way
Sandy, Ut. 84092

The need for intervention is of the greatest necessity. Currently we have 200 acres, which has received Tentative approval for 700 residential lots. This parcel lies a few hundred feet East of 640 lots that have Final approval which I sold to Performance Construction / Brent Butcher. This is 1340 lots that need services as soon as possible. We have been trying to get water and sewer to this area for three years and it has cost us millions of dollars because of the delay. If this approval is not granted it will cost us several millions more. Palo Verde and Santa Cruz has indicated their ability and willingness to service us and it is important that they do so since there isn't any other services available by any other Districts or Companies.

A copy of this Motion to Intervene has been mailed as hand delivered to the Applicant.
