Caller is opposed to a rate increase for Arizona Public Service Company because of the wasteful use of the money they already have. She feels it is a waste of money for someone to drive around a community hanging disconnect tags on doors for a small amount of money such as \$39.91.

Investigator's Comments and Disposition:

Caller was thanked for her opinion and assured that it would be docketed as a matter of public record and taken into consideration before a decision is made in the rate increase request. My phone number was provided to her for future use if needed.
