RE: SUNRISE UTILITIES, LLC; DOCKET NO WS-04247A-04-0604 AND W-03067A-04-0216 REQUEST FOR EXTENSION OF TIME.

Dear Mr. Sallquist:

On October 4, 2006, Sunrise and Beaver Dam ("the Companies") filed a request for an extension to comply with Decision No. 68247. The request was based, in part, on the delays of the developers. Staff realizes that water and sewer utilities have little or no control over the pace at which a developer progresses in his or her fulfillment of regulatory obligations. However, Staff believes it should acquire documentation of the continuing need for service before recommending approval of an extension for time to comply with a Commission Certificate of Convenience and Necessity ("CC&N") order. By providing a statement from the developer delineating the reasons for the developer's inability to meet the compliance deadlines, Staff and the Commission may be assured that there is a continuing need for service. Therefore, Staff requests that the Company acquire from the applicable developer statements indicating the reasons for the developer's inability to meet the deadlines set by the Commission and accepted by the Company.
