AZ CORP COMMISSION
DOCUMENT CONTROL

Re: Allegheny Energy Supply L.L.C.
Docket # L-00000AA-01-0116

Dear Sirs:

I would like to present a petition signed by residents of Bouse AZ in favor of Allegheny Energy Supply La Paz Generating Facility being built and operated in La Paz County. Most of the petitioners feel the need for jobs and or lower taxes.

We are only a small community in La Paz County, in need of all the support we can get. We do care about the environment and feel that Allegheny Energy Supply will not harm our surroundings. We are people that do care about each other and take care of our desert and wildlife.

We have had enough of tires, sludge, dirty soil, sewage and other harmful things being brought INTO our county. It is time for a clean industry to be brought into our La Paz County. Our young people deserve a chance to work at a safe clean job in their own county.

Respectfully submitted

Spokesperson for Bouse, AZ

ORIGINAL

Petition to Arizona Corporation Commissioners William A Mundall, Jim Irvin, Marc Spitzer, to promote the building of Allegheny Energy Supply La Paz Generating Facility at I 10 and 75E in La Paz County

RECEIVED

We, the undersigned petition the Arizona Corporation Commissioners to allow the Allegheny Energy Supply La Paz Generating Facility to be built in La Paz County.

APR -8 A 9:21

La Paz County needs this clean industry to help improve our tax base, supply much needed good jobs to the area. This corporation has a past history as a good roll model in community development. It will help diversify the chief source of income for the county which now consists of mostly the tourist industry and a few shopping facilities and service industries. Our young people have to leave the County to get a decent job. We respectfully ask the Board of Commissioners to support us in this endeavor.
