Jeff Hatch-Miller,

47CS

I have lived in Kingman for many years and I love this area. We are truly a "Hub" of the West Coast because in just a couple of hours I can be in Los Angeles, Phoenix, or Las Vegas. Plus, we are just a couple of minutes away from the Colorado River. We have a lot to offer.

We should be able to market our county with all of these great features. I think that new developments, like Rhodes Homes, are a great idea. They will allow our community to get a face-lift now while making sure that we have a plan for the future. These are two things that we need here in Mohave.

Our communities are poorly planned and generally fail to address long-term growth. They are pieced together and often not the most attractive. We need planned developments like the one in Golden Valley that Rhodes Homes has proposed. I believe that this will set the stage for all future developments.

I encourage you to support Rhodes Homes.

Thank you,

Matt Litzinger
