DOCKETED BY	NR

Dear Commissioners:

I would like to lend my support to Rhodes Homes of Golden Valley. This type of development could be a great asset to our community.

This community has had its fair share of problems such as drug issues, drop out rate, poverty, and the lack of quality jobs.

With the building of this new master planned community, it will allow those that would not have moved here in the past to re-think their decision. I for one would like to see some new blood in our community.

I urge you to pass the CC&N! #SW-20379A-05-0489
W-20380A-05-0490

Sincerely,

Janey K. Deen
