Please make sure each numbered item and each part of the item is answered completely. In order for Staff to continue with its review of this tariff, the following information must be submitted:

STF 2.1 According to A.A.C R14-2-508, Billing and Collection, more specifically R14-2-508 (C), entitled Billing terms, each utility shall file a tariff which incorporates certain billing procedures. The billing procedures are numbered 1-4 within this section of the Commission Rules. Staff is unable to locate in the tariff the billing procedures mentioned above.

It is recommended that Nationwide revise its tariff to include these billing procedures and file its revised tariff (original and thirteen copies) with Docket Control at the Arizona Corporation Commission.
