Case No. 0126

Decision Nos. 68093 and 68291

Arizona Corporation Commission
DOCKETED

NOV 1 2006

DOCKETED BY

In Decision No. 68093, the Arizona Corporation Commission ("Commission") granted a Certificate of Environmental Compatibility ("CEC") for the construction of the Pinal West to Southeast Valley/Browning Transmission Project. Upon an application for rehearing filed by Pulte Homes to expand the corridor width for a certain portion of the project in the Florence, Arizona area, the Commission amended Decision No. 68093 in Decision No. 68291.

1 In Decision No. 68291, the Commission approved Condition No. 31. It states as
2 follows:

3 For the segment of the approved corridor lying between Node 81/UPRR
4 on the North and a point approximately 10,800 feet south along the north
5 bank of the Gila River, the approved corridor shall be 1,000 feet along the
6 centerline unless by November 1, 2006, Pulte Home Corporation, Vanguard
7 Properties, SRP, and the Town of Florence agree on a specific alignment
8 within the wider corridor approved by the Commission. The alignment shall
9 not interfere with the Applicants' proposed crossing of the Gila River.

10
11 In Compliance with Condition No. 31, Pulte Home Corporation, Vanguard
12 Properties, SRP and the Town of Florence hereby submit the agreed-upon alignment
13 which is within the wider corridor approved by the Commission. The alignment is
14 depicted in Exhibit 3 attached hereto. The exhibit is a conceptual drawing representing an
15 acceptable alignment which is subject to change during the design and engineering
16 processes.
