PUBLIC NOTICE HEARING ON THE APPLICATION OF SOUTHERN CALIFORNIA EDISON COMPANY

DOCKET No. E-20465A-06-0457

On July 10, 2006, Southern California Edison Company filed with the Arizona Corporation Commission ("Commission") a motion for an amendment of ACC Decision No. 51170 or in the alternative, a declaration of no substantial change. The subject of the motion is 13 double-circuit structures constructed in Copper Bottom Pass for the Devers-Palo Verde No. 1 500 kV transmission line, and one double-circuit structure erected at the Palo Verde Nuclear Generating Station. The motion and related filings are available for public inspection during regular business hours at the Commission's offices, 1200 West Washington Street, Phoenix, Arizona, and on the internet via the Commission web site (www.azcc.gov) using the s-docket function.

On October 17, 2006, the Commission referred this docket to the Arizona Power Plant and Transmission Line Siting Committee ("Committee") to act as a hearing officer, to consider whether the construction of 14 double-circuit towers constitutes a substantial change from the Certificate of Environmental Compatibility granted in Decision No. 51170. The Commission also charged the Committee to recommend appropriate relief including the possibility of authorizing an amendment of the Commission's decision in Decision No. 51170, pursuant to A.R.S. § 40-252. The Commission further charged the Committee to make findings that would support possible remedies, consistent with the Committee's findings.

The Committee will hold a hearing on this matter beginning December 7, 2006 at 9:30 a.m., or as soon thereafter as is practical, at the Phoenix Airport Marriott, 1101 N. 44th Street, Phoenix, Arizona, 85008, telephone (602) 273-7373. Public comment will be taken at the commencement of the hearing. Written public comments may be submitted via e-mail (see <http://www.azcc.gov/utility/cons/index.htm> for instructions), or by mailing a letter referencing Docket No. E-20465A-06-0457, to the Arizona Corporation Commission, Docket Control, 1200 West Washington Street, Phoenix, AZ 85007.

You may have the right to intervene in the proceeding. Intervention shall be in accordance with A.A.C. R14-3-105, except that all motions to intervene must be filed on or before November 17, 2006. If you wish to intervene you must file a written motion to intervene with the Commission and send a copy of the motion to Applicants or their counsel and to all parties of record. The motion shall, at the minimum, contain the following:

1. Your name, address, and telephone number and the name, address and telephone number of any party upon whom service of documents is to be made if different from the intervener.

2. A short statement of your interest in the proceeding.

3. A statement certifying that you have mailed a copy of the motion to intervene to Applicants or their counsel and to all parties of record in this case. However, failure to intervene will not preclude any interested person or entity from appearing at the hearing and providing public comment on the application. You will not receive any further notice of this proceeding unless you request it.

The Commission does not discriminate on the basis of disability in admission to public meetings. Persons with a disability may request a reasonable accommodation such as a sign language interpreter, as well as request this document in an alternative format, by contacting the ADA Coordinator Linda Hogan, e-mail lhogan@azcc.gov, voice phone number 602/542-3931.
