RE: Arroyo Water Company – Application for Sale of Assets and Certificate of Convenience and Necessity (CC&N) in Docket No. W-04286A-04-0774  
**INSUFFICIENCY LETTER**

Dear Sirs:

This is a follow-up to our conversations on November 19, 2006. On November 19, 2006, Del Smith and I in separate discussions with Kacy Parker, Toni Vlahopoulos and/or Nancy Moreno went over the items that are still needed from Arroyo Water Company, in order for Staff to complete its review. On November 20, 2006, Del Smith faxed, to 928-474-7812, blank copies of a Plant Description form and a Water Use Data Sheet form that needs to be completed. As of today, Staff has not received any additional information from Arroyo Water Company.

This letter is to inform you that the application still has not met the sufficiency requirements as outlined in the Arizona Administrative Code. Staff still needs Item Nos. 1, 2, 3, 4, 5, 7, and 8 that are listed in its June 24, 2005 Staff Report in order to determine whether or not to support the relief requested. Staff has attached blank copies of a Plant Description form and a Water Use Data Sheet form for your convenience.

Staff would like to use this opportunity to bring the following to your attention:

- Pursuant to the Arizona Administrative Code (“A.A.C.”) R-14-2-411(C), upon meeting sufficiency requirements, the Commission has 150 calendar days for its substantive review. This includes conducting a hearing and preparing Opinion and Order to present to the Commission at an Open Meeting; and
- Pursuant to A.A.C. R14-2-411(C)(3), Staff may terminate an application if the applicant does not remedy all deficiencies within 60 calendar days of the notice of deficiency.

**Please file your response to this Insufficiency Letter with Docket Control.**
