Re: Utility Certificated Area of Service

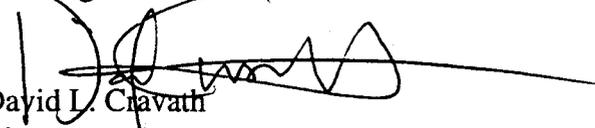

Dear Mr. DiNunzio:

This shall confirm that Morning Sun Farms has been unable to negotiate an acceptable utility agreement with Johnson Utilities. I therefore respectfully request that all area encompassing what is considered Morning Sun Farms (more clearly shown on the attached parcel map) be excluded from any existing utility companies' "Certificated Area of Service" including Johnson Utilities, H2O or the like.

This is in confirmation of our conversation this date.

Sincerely:

Morning Sun Farms

David L. Cravath
Manager
