Dear Mr. Gleason:

I'm writing to request your quick approval of the application referenced above, viz. approval of Midvale Telephone service to the area in which I live, with local calling area coverage to include the City of Prescott.

As a resident of Crossroads Ranch, Phase II, I can say unequivocally that our community will benefit greatly by your approval, in particular by allowing faster and more reliable access to emergency services. I can recall two instances during the past six months when wireless calls (all our current phone service is cellular) to report wildfires included so much background static as to be virtually unintelligible. As we are a rural subdivision some 16 miles northwest of Prescott proper, this is no trivial matter.

My fellow residents and I appreciate your consideration, and hope for your prompt attention.

Yours truly,

Eric Olds
