Re: Application of Midvale Telephone Exchange, Inc. for amended CC&N;
Docket No. T-02532A-03-0017

Dear Mr. Olds:

Thank you for your recent correspondence requesting wired telephone service in your development.

On January 10, 2003, Midvale Telephone Exchange, Inc. filed an application with the Arizona Corporation Commission to amend its Certificate of Public Convenience and Necessity. The proposed application would provide wired telephone service to unserved areas in residential developments in Yavapai County.

Because Commission staff found several deficiencies in the proposed application the company was given until April 15, 2003 to correct the deficiencies. Once the company files a properly completed application, it will be reviewed and voted on in accordance with the Commission's rules.

Once again, thank you for sharing your viewpoint with me on this important issue.

Sincerely,

William A. Mundell
William A. Mundell, Commissioner
