Dear Mr. Irvin;

I am writing to request rapid approval for Midvale Telephone application (Docket Number ~~F-00000000~~ ~~0017~~) to serve our community. We also would like the local calling area to include the local Prescott calling area to keep this from being a long distance call.

Our community is approximately 20 miles north of Prescott. Prescott is where most of the property owners complete their business, and go to the doctors and stores etc. We have over 155 large acreage lots in our development and a big need for the stability of hard wire telephone. The developer installed conduits for telephone cables so a good part of the construction is ready and waiting.

Please call if there are any questions that I may be able to answer in order to expedite your processes.

Thank you.

Sincerely

Bob Brandt
