Dear Sir:

The Midvale Telephone Co. has made application (Docket Number ~~T-02532A-03-0017~~) to serve The Crossroads Ranch area north of Prescott. The application is important to this area in order to improve communication with Fire, Emergency Medical and the Sheriff. The current cell phone system experiences outages and dropped calls. I believe the addition of the Midvale system will make a significant improvement to the Public Health, Safety and Welfare of the area.

I am requesting the Arizona Corporation Commission approve this application quickly. Since Prescott is the area where most local calls will be made, I am also requesting that the local calling area be extended to Prescott.

If you have any questions please feel free to contact me at the phone number below.

Sincerely,

Paul Glinski
Chairman
Williamson Valley Fire District
