Pursuant to Maricopa County Environmental Health Code Chapters II and V, approval to construct the above-described facilities as represented in the approved plan documents on file with the Maricopa County Environmental Services Department (MCESD) is hereby given subject to the following provisions:

1. Any change in the approved design that may affect capacity, quality, flow, location or operational performance of the system shall be submitted to this Department for review, and Department approval shall be obtained prior to undertaking the work affected by the change.
2. This Approval to Construct is void if major modifications occur to this system without the knowledge and consent of the Department.
3. A Request for Certificate of Approval of Construction for the project shall be submitted to this Department at least 30 days prior to the date upon which Department approval is desired. The request for Approval of Construction shall contain the following:
  - a) Engineer's or Architect's Certificate of Completion with pipeline leak testing and cross connection testing results.
  - b) Sealed as-built drawings of the system.
  - c) Actual location and wording of signs to prevent trespassing and public notice that irrigation is by reclaimed water.
4. An Approval of Construction will not be issued until an Operation and Maintenance Manual is submitted to and approved by this Department. This O&M manual shall include, but not be limited to:
  - a) Instructions for cross connection controls and prevention.
  - b) Restrictions on full and/or partial body contact with reclaimed water.
5. An Approval of Construction will not be issued until a Reclaimed Water Permit is issued by Arizona Department of Environmental Quality.
6. A final construction inspection of the project shall be scheduled with this Department prior to granting Approval of Construction and startup.

**Re: Certificate of Assured Water Supply**  
**Arroyo Vista, Units 4-10**  
**DWR File No. 27-402115.0000**

Dear Ms Van Quathem:

The Department of Water Resources has determined that the criteria for an Assured Water Supply pursuant to A.R.S. § 45-576 and A.A.C. R12-15-701 *et seq.* have been met, and therefore the Director has decided to issue Assured Water Supply Certificate No 27-402115.0000. Arizona American Water Company will provide water supply to the lots. The source of supply will be Colorado River water and Central Arizona Project water leased from the Ak-Chin Indian Tribe. Based on current information, the Department has determined that the subdivision's total projected demand is 256.2 acre-feet per year for 291 lots, and the groundwater allowance for the 100-year period is 0 acre-feet. The Certificate is attached. The Department suggests you record your Certificate of Assured Water Supply in the appropriate county recorders office. This will provide you with a permanent public record of the Certificate.

This determination is applicable only to the person or entity specified on the Certificate and for the plat reviewed by the Department. Information used in evaluating this application is available for review in the Department's files. Please contact us if questions arise.

Pursuant to A.R.S. § 41-1092.03, the Department is notifying you that the Director's determination and decision to issue the Certificate is an appealable agency action. You are entitled to appeal this action. If you wish to appeal this action, you must file a written appeal within thirty (30) days from receipt of this letter. I am providing you with a summary of the appeal process and an appeal form, should you elect to pursue this option.

Sincerely,

J. Scott Miller, Manager
