Subject: dissolution of desert hills water co.

W-02124A-06-0717

Dear Commissioner Mayes,

I was, again, pleased to watch you ask very pointed questions at yesterdays hearing.

At the risk of appearing arrogant I should like to point out that cave creeks idea of representation for desert hills residents (an advisory committee) is ludicrous. First of all, the city managers response, as to how these members would be selected: They would be vetted by administrative process presumably by cave creek staff/city council. That certainly makes for a very cozy situation. More important however is the fact that this is only an advisory committee and in the final analysis has no teeth.

After yesterdays testimony I feel evermore strongly the Commission must retain their control in this matter

Thankyou

Mike Gilson
