Re: Potential Market Manipulation of Electric Prices in the West, and  
 Commission Oversight of Reliability of Electric Service in Arizona,  
 Docket No. E-00000A-02-0051; Docket No. E-01345A-01-0822;  
 Docket No. E-00000A-01-0630; Docket No. E-01933A-98-0471;  
 Docket No. E-01933A-02-0069

Dear Chairman Mundell:

In your letter dated May 14, 2002, you requested all parties to Arizona Corporation Commission ("Commission") Docket No. E-00000A-02-0051, who also made filings with the Federal Energy Regulatory Commission ("FERC") in response to FERC's May 8, 2002 data request in Docket No. PA02-2-000, to summarize whatever filings they made with FERC. This letter responds to your request.

Neither Panda Gila River, L.P. ("PGR"), a party to the proceedings in Docket No. E-00000A-02-0051, nor any entity related to PGR, were required to respond to FERC's May 8, 2002 data request because they did not sell wholesale electricity and/or ancillary services to the California Independent System Operator and/or the California Power Exchange during the period 2000-2001. Attached to this letter is the March 26, 2002 response of TECO Power Services Corporation ("TPS"), the parent of TPS GP, Inc., a general partner of PGR, to a February 13, 2002 FERC order in Docket No. PA02-2-000, documenting that TPS did not make any sales in the Western Systems Coordinating Council in the 2000-2001 period.
