Re: West End Water Co. CC&N Extension, Docket No. W-01157A-05-0706,  
Unaccounted for and Loss Water

Dear Madam/Sir:

West End Water Co. (WEWC) in a recent rate case had docketed with the Arizona Corporation Commission, Docket No. W-01157A-06-0004, Decision No. 68925, of several steps that WEWC had done to reduce the Loss and Unaccounted for Water.

WEWC has changed approximately 18% of the meters in service. The meter change-out program was based on the age and usage shown on the meters. Also, WEWC has done a comprehensive evaluation of the water distribution system looking for any possible leaks and unauthorized connections. One (1) unauthorized connection was found that was not metered and a water meter has been installed.

Please find enclosed an updated summary of water pumpage and water sales from June 2006 through March 2007 for WEWC that shows the Unaccounted for and Loss Water is at less than 10%. The actual average is 7.12%.

WEWC will continue to closely monitor the Unaccounted for and Loss Water along with continuing the meter replacement program as needed to help ensure that the water loss remains below the 10 % level.

Cordially,

Marvin E. Collins  
Manager
