Ms. Mayes,

I have been following the APS request for an additional rate hike with great interest. My equalizer payment has gone from \$110 per month, to \$125 per month and now to \$142 per month, all in the last six months. I wonder what my bill will be if APS gets another rate hike. I also wonder how APS could be doing so poorly, yet their parent company posted a record high 320% increase in profits?

I don't mind paying a little extra, but I don't think we should have to line the pockets of APS shareholders and executives. I am asking you to carefully consider APS' request. I know in the past you have been very prudent when allowing rate hikes, which is why I voted for you again this year.

Thank you for your time and your hard work.

Sincerely,
Michelle L. Sumner
