DOCKETED BY	<i>CAH</i>
-------------	------------

Thank you for providing the people of Bisbee with an alternate way of protesting the huge water rate increase proposed by the Arizona Water Company. Very few people were aware of the meeting until we read about it in the newspaper, after the fact.

We realize that every company must make a profit to remain in business but a rate increase of this size is way out of line. Most of us are on fixed incomes and you can be sure we never receive a cost of living increase of 50%.

We hope that some adjustment can be made to a more fair and equitable increase.

Sincerely,

Elizabeth Wolslagel
