APS RAISE HIKE

DEAR AZ COMMISSION/ APS

I am a customer of APS and would like to make my comments on so called increase hike which is outrageous from my point of view, APS seem to think that the public has a money tree in their back yard, I am a senior citizen on a fixed income and have a low income account and living here in a retirement such as Sun City, I'm sure there are plenty of other seniors on a fix income and can barely make ends meet and for you to increase by THIRTEEN percent is not very practical, and yours truly will be asking everyone who is concerned to either call or write to your office personally, (APS)main office,your just like the big Oil companies who will do anything to make a few bucks, or should I say millions, and if they would consider the income finances, it might be more acceptable, but not the thirteen per cent, so please have them go back to the drawing board and rethink your figures. I would like for them to be in our shoes financially wise, and then see if they could handle the twenty per cent increase, I also hope the AZ Commission will be checking into this matter very seriously before allowing them (APS) to do anything with the propose hike raise. This is your second propose hike within the last few

months and it also seems like your not happy no matter what the increase will be, maybe you should increase according to the customers monthly income and even if its only five dollars, that is a lot for us seniors.
