**Subject:** Please Vote NO on AZ-CA Power Line

**ORIGINAL**

Mr. Mike Gleason Honorable Chairman, Honorable Commissioners, Ms. Kristin Mayes, Mr. William Mundell, Mr. Mike Gleason, Mr. Jeff Hatch-Miller, and Mr. Gary Pierce.

Please Vote NO on the proposed Arizona-California Power line. It is NOT Good for Arizona, and will cost all of us, the ratepayers! It also is certainly NOT good for the KOFA Wildlife Refuge, which has already been infringed upon with an existing power line within it. The Benefit would be to SCE and California, (of course), while infringing on one of our most delicate wildlife areas, with little to NO benefit to Arizona. After the construction to build this power line is completed, JOBS it brought will be GONE, the POWER will be GONE, while the COSTS will be heaped upon the Arizona ratepayers. There is but SLIM BENEFIT to us selling energy during off hours and off season. Arizona is growing so quickly, we will end up needing all the power we can generate for our growing population. California must look within to solve their energy needs.

NO THIS PLAN IS NOT GOOD FOR ARIZONA. PLEASE VOTE NO TO S.C.E.

Thank You For Your Time.

Respectfully,

Robert Rejzek
