Re: Docket WS-01303^AW-06-0491

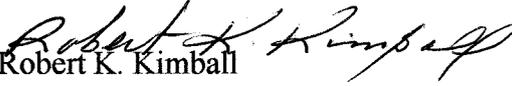

On the above docket re increasing monthly wastewater by 65% is totally out of line. An increase of no more than .75 cents per month may be in order. By the way my wastewater fee now is \$20.00 plus per month.

In discussing rate increase's with neighbors and friends re phone bills, natural gas, APS, gas for cars etc we believe that's all our elected officials want do is tax or increase rates. Why not cut expenses?

We do not see our pension increase, if you receive one. I've been retired now for 23 years, my pension has not gone up one penny. As you know Social Security doesn't even keep up with inflation.

Furthermore, you ask residents to make comments, but your meeting's are when most residents are not in town, and you want 13 copies, if writing. When asking for comments on your web site www.azcc.gov/divisions/utilconsumerservices.htm it does not advise you what to do except write in. So, you really want people to make a comment, please give us a break.
