RE: Palo Verde Utilities Company, L.L.C. and Santa Cruz Water Company,  
L.L.C. – Motion For Extension of Time Docket Nos. SW-03575A-5-0307  
and W-03576A-05-0307

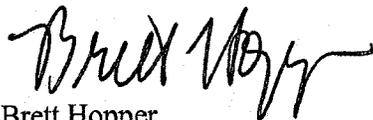

Dear Ms. Liles:

It is our understanding that the Arizona Corporation Commission staff has inquired as to whether we, as a developer/homebuilder, are still in need of water, wastewater and reclaimed water service for our land that was approved for services in an expansion application of the above referenced utilities in 2006. We understand that the plant facilities will be substantially completed by the utility providers during the summer of 2007.

We currently anticipate that our final plats and improvement plans for the first phase of our project will be approved by Pinal County this summer. Once those plats and plans are approved, we plan to start development of the project right away. Therefore, as a homebuilder and end-user, we will need to enter into main extension agreements right away.

Sincerely,

CHI CONSTRUCTION COMPANY
