Re: Southern California Edison Company
Docket No. L-00000A-06-0295-00130

Dear Colleagues:

Erik Saltmarsh, Executive Director and Chief Counsel of California Electricity Oversight Board, recently contacted me to say that the Board has some disagreement with our decision denying the Devers/Palo Verde 2 Certificate of Environmental Compatibility. Although the Board is planning a press release to criticize the decision, Mr. Saltmarsh realizes the ACC had a responsibility to protect Arizona ratepayers, which is different from their viewpoint.

I replied yes, we were obliged to consider Arizona's present and future needs, while recognizing that California Public Utilities Commission's position in the Devers/Palo Verde line was understandably favorable to California's interests.

Sincerely,

Mike Gleason
Chairman
