Page 117, Line 6, after "... in a separate proceeding." INSERT:

"The detailed NPS and Plan of Administration should be filed with the Commission's Docket Control within 120 days of the effective date of this Decision. While we believe that a Nuclear Performance Standard should be developed and filed for the Commission's consideration, it should be clear that the Commission is not obligated to approve the Nuclear Performance Standard as proposed by APS and Staff."

Page 135, Line 6, INSERT:

"Staff shall conduct a prudence review of all 2007 planned and unplanned outages at the Palo Verde Nuclear Generating Station."

Page 145, Line 12, after "... in a separate proceeding." INSERT:

"The detailed NPS and Plan of Administration should be filed with the Commission's Docket Control within 120 days of the effective date of this Decision. While we believe that a Nuclear Performance Standard should be developed and filed for the Commission's consideration, it should be clear that the Commission is not obligated to approve the Nuclear Performance Standard as proposed by APS and Staff."

Page 145, Line 13, DELETE: "Until that until a Plan of Administration for the NPS is in place,"

Page 147, Line 23, INSERT NEW FINDING OF FACT:

"128. Staff shall conduct a prudence review of all 2007 planned and unplanned outages at the Palo Verde Nuclear Generating Station."

Page 151, Line 18, INSERT NEW ORDERING PARAGRAPH:

"IT IS FURTHER ORDERED that the detailed Nuclear Performance Standard and Plan of Administration shall be filed with the Commission's Docket Control within 120 days of the effect date of this Decision. While we believe that a Nuclear Performance Standard should be

developed and filed for the Commission's consideration, it should be clear that the Commission is not obligated to approve the Nuclear Performance Standard as proposed by APS and Staff."

Page 151, Line 18, DELETE: "until a Plan of Administration for the Nuclear Performance Standard is in place,"

Page 152, Line 15, INSERT NEW ORDERING PARAGRAPH:

"IT IS FURTHER ORDERED that Staff shall conduct a prudence review of all 2007 planned and unplanned outages at the Palo Verde Nuclear Generating Station."
