Page 135, Line 6, INSERT:

“During the hearing in this matter, Staff testified that in the course of performing its Fuel and Purchased Power Audit, it was denied access to APS’ Board of Directors. The Commission believes that efforts by APS to foreclose access to key decision makers at the Company undermine the Commission’s ability to perform its regulatory oversight duties in these situations. Therefore, we believe that APS should permit access to its Board of Directors in any future audit or prudence review in order for the Commission to determine these issues.”

Page 147, Line 23, INSERT NEW FINDING OF FACT:

“APS should permit access to its Board of Directors in any future audit or prudence review conducted by Staff at the Commission’s request. The Company bears the burden of providing the Commission information essential to develop the evidentiary record sufficient for the Commission’s consideration of an issue particularly where the issue involves performance evaluations that may result in an impact on rates or disallowances.”

Make all conforming changes as necessary.
