RANCH DEVELOPMENT)

DOCKET NO. W-02450A-04-0837

MOTION FOR CLARIFICATION

Arizona Corporation Commission

DOCKETED

JUN 25 2007

DOCKETED BY  
NR

Water Utility of Greater Tonopah ("WUGT") respectfully requests a clarification of the Commission's Procedural Order dated May 3, 2007. On March 27, 2007, WUGT filed a motion for extension of time to comply with certain conditions in Decision No. 68307 (November 14, 2005). In addition to the extensions of time, WUGT also requested that the requirement to file a copy of the developer's Certificate of Assured Water Supply ("CAWS") issued by the Arizona Department of Water Resources ("ADWR") be modified to allow WUGT the option of securing a Designation of Assured Water Supply ("DAWS"). The Commission's Procedural Order dated May 3, 2007 granted various extensions of time but did not explicitly rule on the request to allow submission of a DAWS in lieu of a CAWS. Accordingly, WUGT requests that the Commission clarify that, at WUGT's option, a DAWS may be submitted in lieu of a CAWS.

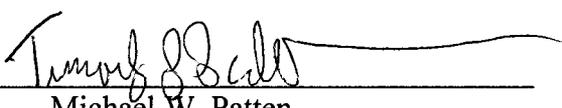

As noted in the original motion, WUGT is also evaluating all options to determine what is best for its customers. For this reason, WUGT would like the flexibility of obtaining a DAWS, rather than depending on the developer obtaining a CAWS. A DAWS is issued to the water utility while a CAWS is issued to the developer. Both the DAWS and the CAWS are determinations by

1 ADWR that a 100 year supply of water will be legally, physically and continuously available for  
2 the development. A key difference is that a DAWS is subject to ongoing review and supervision  
3 by ADWR, and therefore provides greater protections to future customers than a CAWS.  
4 Accordingly, the option of submitting a DAWS would be in the public interest.

5 RESPECTFULLY SUBMITTED this 25<sup>th</sup> day of June 2007.
