Subject: Proposed Gold Canyon Sewer rate increase ~~to \$60.89~~ CONTROL

AZ CORP COMMISSION

SW-02519A-06-0015

Gentlemen:

THE PLAYERS

GOLD CANYON SEWER COMPANY: whose affiliate ALGONQUIN WATER SERVICES "is operating as an unregulated monopoly; with the same individuals representing both entities, there is no armslength transactions for reasonableness of costs". If I were to do this, it would be referred to as "RACKETEERING"!

ADMINISTRATIVE LAW JUDGE DWIGHT NODES: the individual who has made the recommended increase to \$60.89. But, hold on, he has also recommended a \$15,000 penalty for the "misleading statements" that were made by former Gold Canyon Sewer official Trevor Hill. Whoppee! That penalty equates to approximately 50 percent of the FIRST MONTHS rate increase that he has recommended!

TREVOR HILL: an unscrupulous representative of Gold Canyon Sewer Company, who is best described as an unethical, lying individual!

ARIZONA CORPORATE COMMISSION: responsible for final decisions on granting or DENYING utility rate adjustments,.....etc.

RESIDENTS OF GOLD CANYON: those citizens residing within the area of the recommended rate increase.

Those listed above are the players.

We are not going to play on the fact that a lot of the residents in the Gold Canyon area are retired and living on fixed incomes; no, that should not even be considered!

Consideration should be given to the lying, cheating, racketeering that the voting public has been subjected to over the past several years. Politicians, elected officials, law officers, churches and, yes, even Judges have been unscrupulous in their acts and actions. So much so, that it has become a way of life in the business world. This has got to stop! Someone has got to take a stand and have the "guts" to say enough is enough!; otherwise all we are doing is encouraging the bastards!

THE QUESTION: Has the ARIZONA CORPORATE COMMISSION the GUTS to DENY this unheard of rate ????????????? increase?
