Re: In the Matter of Arizona Public Service Company and Verizon California, Inc.'s Joint Petition for the Establishment of an Underground Conversion Service Area, Docket Nos. E-01345A-07-0663 and T-01846B-07-0663

Dear Sirs:

Enclosed please find copies of the written objections and records of telephonic complaints received to date by the Arizona Corporation Commission ("Commission") in the above-referenced matter. These documents may also be viewed electronically by using the e-Docket function on the Commission website (<http://www.azcc.gov/>).

Mr. Jeffrey Crockett et al.
Docket Nos. E-01345A-07-0663 and T-01846B-07-0663
Page 2

Please be advised that the Commission's Utilities Division Consumer Services Section will be contacting the individuals who provided telephonic complaints to instruct them that, to be counted, objections must be received in writing and must comply with the Procedural Order issued in this matter.

Sincerely,

Sarah N. Harpring
Administrative Law Judge

HEARING

Docket No. E-01345A-07-0663
Docket No. T-01846B-07-0063

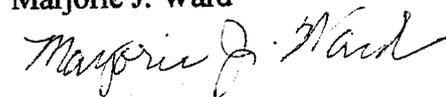

If one of our names is on the Proposed UCSA I would like for it to be removed. The Board of Directors of Hillcrest Bay, Inc. had two or three petitions going around and one of them was to have some money returned from APS and that is the only one we signed.

We would like also to object to the Proposed UCSA. I have been retired for 23 years and the cost of this project would cause a very real hardship on us, and a lot of other retired people that live here. Another thing, the project will be done in our streets and when it is finished we will have to resurface the streets. This is private property here so the cost of resurfacing will have to be paid for by the homeowners. And we do not need this Proposed UCSA project. We have plenty of power here the way it is, and the view is very good just like it is. I would also like to object to the way our Board of Directors got quite a few signatures on the petition for this project. They told a lot of the people here that they HAD to sign the petition and that their signature would not count if they didn't want it to. And that is just plain not true! I think this project should be rejected because it will be too costly for the homeowners and it just is not needed.

Sincerely
Laurance A Ward

Marjorie J. Ward

Regarding docket # E-01345A-07-0663 & T-01846B-07-0663

I wish to object to the establishment of the UCSA within Hillcrest Bay Mobil Manor in La Paz county. This effort is an attempt by APS and property owners of lake view lots to get all the property owners to pay for the trenching and repaving costs associated with this project. APS has threatened to move all the rear property poles and conductors to the street if the property owners don't pay for trenching and repaving. Verizon has stated that if APS moves their plant from existing rear feed poles to new front feed poles, they will remain on the rear feed poles and maintain their plant as it is. The APS argument for doing this is that they can not access the existing rear feed plant. How is it that Verizon sees no problem with the existing situation? I have 30 years experience as an outside plant engineer in the telephone industry and have seen thousands of streets with rear property feed above ground utilities that still exists today. I have never seen a single underground conversion in a residential area.

I also wish to object to the conversion costs of this proposal. The costs are allocated by lot size regardless of benefit. The beneficiaries of the utility undergrounding are the owners of lake view lots, approximately 50% of the lots. The above ground utilities are not noticeable to non-lake view lots unless you go outside and look for them. This project forces property owners of non-lake view lots to help pay for lake view property owners get a better lake view. If this project goes forward, the costs should be assessed mostly to those who would benefit the most .

ARIZONA CORPORATION COMMISSION
HEARING DIVISION

**Owners: Merle D. & Janet J. Calvin
Address: 862 Crystal View Drive, Parker, AZ 85344
Telephone: 928-667-3677**

To Whom It May Concern:
Please note that we are totally **against** this "UNDERGROUND CONVERSION".

We are retired and live at Hillcrest Bay Mobil Manor on a limited income as many others do. We do not have the funds to give to APS or others for this great task and we do not wish to pay any additional loans for such a great task as this. We already have enough monthly and yearly bills and we do not need more coming out of our limited income.

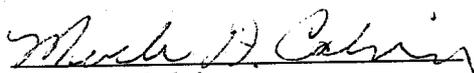

And furthermore I am disappointed that APS would even accept such a great task whereas retired people on a limited income would have to deplete their savings for this task.

We are told our **estimated** share would be \$15,000.00 plus. This must be a joke.

Arizona has always been very considerate of their retired people. I am very disappointed to see this task has even gone this far!!!

AGAIN, WE WISH TO STATE:
"WE DON'T WANT AND WILL NOT PAY FOR THIS UNDERGROUND CONVERSION".

Signatures:

Merle D. Calvin
Property Owner

Janet J. Calvin
Property Owner

Thank You,

Merle D. and Janet J. Calvin

RE. Lumber ground Utilities Hillcrest
Bay

We are against this project as prices are excessive - all lots have 1 service & these prices vary from 5,000⁰⁰ to over 30,000 per service. all services should be one price to prop line. Hillcrest CCAR states that each lot has one vote. On this issue we got 2 votes not 3.5 the number of lots we own. these power tele lines were here when all these people bought there homes or lots and a lot of the people can not afford to pay for this. All in all we feel this project is being pushed down our throats. We have owned prop for approx 10 years & have never had Phone Sewer & do not need it.
