Dear Chairman Gleason,

As a resident of Golden Valley your letter to the commissioners was a breath of fresh air.

It truly has been a long time waiting for a decision on whether Golden Valley will finally have a chance a being a true community.

I and a great deal of residents look forward to the infrastructure being allowed. Maybe a reputable and established Co. such as American Water or another Utility Management Co will be able to oversee Perkins Mountain.

The development of Pravada will be good for our families allowing us to have stores, churches, restaurants, hopefully paved streets (that's a big wish) schools, recreational services and so desperately needed jobs that we will have access to even if we are not living in Pravada.

We look forward to the services that any town in todays day and age should have.

Again your letter is very prudent and hopefully we will see a positive decision and everyone can move forward.

Chantal Sullivan
Golden Valley Resident
