Re: Farmers Water Co.
Request for Extension – Decision No. 68920
Docket No. W-01654A-05-0845

Arizona Corporation Commission
DOCKETED

AUG 08 2007

DOCKETED BY 

Dear Mr. Culbertson:

Compliance Staff is in possession of the July 31, 2007 letter of communication from the Company. In that writing, Farmers Water Co. filed a request for an extension of time to provide the Approval to Construct (“ATC”) ordered in Dec. No. 68920.

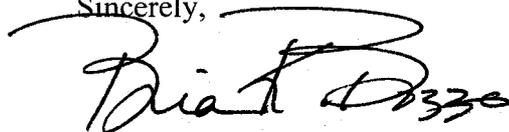

Attached to the request for extension was a copy of a Pima County Department of Environmental Quality Certificate of Approval to Construct. In a discussion between me (Compliance Section) and Mr. Marlin Scott, Jr. (Engineering Section), we determined that the ATC provided in the request for extension meets the ATC requirement outlined in Decision No. 68920.

Based on that, this writing will notify you of our decision that the provided ATC is acceptable and the request for extension is unnecessary. The Compliance section database will reflect that the ATC requirement has been complied and the issue will be closed.

As a side item, the July 31, 2007 request for extension also made note to a separate Hook Up Fee issue. Please be aware that the Staff Engineer will be working with you directly on that matter.

If you have any questions, please contact me at 602 542-0852.

Sincerely,

Brian K. Bozzo
Compliance and Enforcement Manager
