RE: Long Distance Tariff Revisions for **Cincinnati Bell Any Distance Inc. (T-04228A-03-0914)**

Dear Sir/Madame:

This letter is being written in response to the data request received from the Arizona Corporation Commission (ACC) dated July 16, 2007, in order to clarify that the tariff revisions addressed in this data request do not include an increase to a maximum rate.

The tariff change addressed in this data request revised the term of the 8XX service by adding a monthly service fee of \$7.50 to initial 8XX numbers purchased by Cincinnati Bell Any Distance Inc. (CBAD) customers. CBAD's 8XX service has a maximum rate of \$15 as shown on page 22, paragraph 2.21 of its Tariff No. 1. The maximum rate of \$15 applies to all 8XX numbers, (initial and additional). This maximum rate was approved by the ACC on February 1, 2005.

Unfortunately, the approach CBAD took when submitting its June 15 tariff revisions caused confusion because the revisions looked as if CBAD was adding \$15 maximum rates to each plan description. In order to clarify that this is not the case CBAD has revised the maximum rate pages by removing the \$15 rate from the pages and replacing it with a reference to the maximum rate found on page 22. CBAD has included an original and 13 copies of these revised pages that are to replace the maximum rate pages filed on June 15. Also attached is a copy of page 22 of CBAD's Tariff No 1, marked as "Attachment A".

One customer in Arizona was affected by this tariff change. This customer received a letter 60 days prior to the change.

If you have any questions regarding this transmittal I can be reached on 513-397-1296.

Sincerely,

Kathy Reid
