I just received your note regarding your water hauling surcharges. I find it interesting that your example uses a \$16.00 surcharge for 1,000 gallons of water. You just billed us an outrageous \$45.19 in surcharges for 790 gallons. Our total bill for 790 gallons of water came to \$69.92 or 88 cents per gallon. I can buy bottled water at the grocery store for less.

In my opinion, your letter could have used a more realistic example.
