Re: Public Comment Meeting on Proposed K2 Well in Strawberry; Docket No. W-03512A-07-0362

Dear Colleagues:

As you know, the Commission has received a great deal of correspondence from residents of Pine and Strawberry on the proposed K-2 wellsite in Strawberry. In a previous letter filed in this Docket, I asked that a hearing be scheduled, and I am hopeful that this will occur.

In addition to a hearing at the Commission, I believe that the Commission should schedule a public comment meeting in Pine or Strawberry to hear the input of the residents on this proposal. In the alternative, the Commission could arrange to hold a hearing on the K-2 well proposal in the Pine/Strawberry area, which would also provide an opportunity for public comment.

During the August 6, 2007 hearing the Commission's hearing room was filled with customers providing comment on a multitude of issues surrounding Pine Water Company, including opinions offered on the K-2 well proposal. An earlier public comment in Pine, held on May 3, 2007, also generated comment from the public on this and other issues surrounding the Pine Water Company.

I believe that a public comment session on this important issue is necessary in this case and I look forward to discussing it with you at an upcoming Commission Staff Meeting.

Sincerely,

Kris Mayes
Commissioner
