Subject: Arizona water rates W-01445A-02-0619

Dear Kristen Mayes,

My name is Greg Spencer, I live at 113 N. 4th Ave. San Manuel Az. 85631
I received my water rates they say on my bill Arizona water on Sept. 4th filed application to ACC to increase my water rate because of new laws to meet Federal standards on arsenic. My bill will go up by \$8.00./mth.
Please do not let this happen. It seems the Government just passes laws with out considering us poor persons on bottom. I'm a Disabled person with family Wife and 2 children in Highschool. Now you let the new Sewer company just come in and give us an out landish rate on Sewer please please do not let these companies just keep increasing our rates on neseceties.
