Re: *Report Regarding Layoffs of AT&T Employees in Arizona Pursuant to Decision No. 68865; Docket Nos. T-02428A-06-0203, T-03016A-06-0203, T-03116A-06-0203, T-03287A-06-0203 and T-03346A-06-0203*

Dear Mr. Johnson:

On behalf of AT&T Inc. ("AT&T"), the purpose of this report is to provide further information regarding the layoff of AT&T employees located in Arizona who were given notice of a surplus condition and for which AT&T provided the Commission notice on June 14, 2007. No facility closure was involved. This report is provided pursuant to the first ordering paragraph at page 10 of Decision No. 68865.

The employees were pre-merger AT&T management employees in the World Wide Customer Service organization. The employees performed service assurance for outsourcing data functions and network support. The layoffs were necessary due to the consolidation of work functions and restructuring as a result of the transformation of the organization's legacy support systems applications to IP. In an effort to redeploy within AT&T, the employees retained access to the internal AT&T job search system. One employee did find employment with AT&T in Mesa. In addition, the employees had access to the career counseling services from the AT&T Resource Center, which provides assistance with resume development and external job searches.

Very truly yours,

GALLAGHER & KENNEDY, P.A.
