RE: K2 LOCATION FOR DEEP DRILLING
WELL IN STRAWBERRY, ARIZONA

Dear Commissioners:

I am vigorously opposed to the K2 Site in Strawberry, Arizona for the deep drilling for water. This site will have an extremely negative impact on both my property and my health.

I am a frail, elderly lady who in 1995 bought my house at 8096 Parkinson Drive because of its privacy. I live in it twelve months of the year.

Brooke Utilities has to go through my property to the K2 site because of a 22-foot easement, which is very narrow for all the traffic including heavy equipment, and the easement is only a few feet from my house.

The K2 site is on a very small lot. There will be pollution of all kinds, but to name a few, air pollution, noise pollution, traffic and heavy equipment pollution. It will be a grave hardship to live with.

I trust you will seriously consider the above and refuse to grant the request for the K2 site. I understand there are other sites available.

Sincerely,

Sarah Forrest
